Working with children, their families and the community.

I work closely with children and families to help make sure our children feel safe, supported and able to be in school.

A big part of my role is getting to know our families, listening when things are difficult and helping to find the right support when its needed.

You'll often find me in the office of a morning, around school and on the gate on a Wednesday - feel free to stop me or ask to see me any time.

You'll often find me welcoming and supporting children as the arrive in the morning, helping them settle and feel ready for the day ahead.
Throughout the school day, I'm there for children who might need a little extra reassurance, a listening ear or some time and support to work through how they're feeling.
